### **STATEMENT OF GOVERNMENT BUSINESS**

**Mr Speaker:** Honorable Members seeing that there is no private Members' business today, we have no further business to deal with. I understand however that we will have much to dispose of next week and so I encourage all Members to take an early weekend and return next week afresh and up to the task. I also understand that some important committees, especially the Bills and Legislations Committee will have a lot of work to do over the weekend. May I now call on the honorable Prime Minister to move the adjournment motion, please?

**Hon. Fono:** Mr Speaker, I move that Parliament do now adjourn.

*The House adjourned at 10.05 am.*
