SPEAKERS ANOUNCEMENT

Mr Speaker: Hon Members, due to the unavailability of the Bills and Legislation Committee report on the Political Parties and Integrity bill, 2014, I rule that the proceedings of the bill be adjourned until the report is available to all members of parliament.

Hon Gordon Darcy Lilo: Thank your Mr Speaker. Can I raise a point of order?

Mr Speaker: Yes, Mr Prime Minister.

Point of Order!

Hon Gordon Darcy Lilo: I have noticed that on the Order Paper consistent with Standing Order 13, there is a presentation of paper that must be noted by the Parliament in the Order paper for today. But I always be obliged to follow your ruling and on the fact that the other paper has yet to presented to the Parliament. But I am just wondering that Parliament somehow been misled that the Order paper is in order, when in fact what has been presented is not yet ready. Therefore, can we amend the Order Paper for today so that we can allow for the acceptance of the presentation of the paper by the Minister of Finance and Treasury which I think that the Parliament to read it as of tomorrow.

Mr Speaker: Unfortunately I have made my decision to adjourn the Parliament so that the Bills and Legislation Committee tidy up the report and I guess a few amendments of the Bill

are still needed to be tidy up. Therefore, to proceed with the Bill with an ill decision will be unfair to the Honourable Members of the House. They must have the report of the bills and legislation in their possession so that they can prepare their debate to contribute to the Political and Integrity Bill 2014, debate. So unfortunately my decision is final under Standing Order 38.

ADJOURNMENT

Hon Gordon Darcy Lilo: I move that parliament do now adjourn.

Question agreed to
